Customer-specific product mixes also made with maximum care and the “ THE BEST QUALITY ”

Value-Added Offerings

We can also offer ready to dye package (soft-package) in both single as well as double yarns to avoid rewinding of the yarns during further processing. The TFO department is fully equipped to handle many speciality yarns. We can ship 8" & 10" Jumbo Cones as well. We also have the infrastructure to condition the yarn whenever necessary to enhance its quality and working efficiency during downstream processing.

We can offer the following Speciality & Semi-Speciality Yarns:

- **SIRO Yarn**
- **High Twist Yarn**
- **TFO Twisted Yarn**
- **Soft Package (Ready-to-Dye Packages)**
- **Jumbo Package (5 Kg & above)**
- **Vortex Yarn**
- **Slub Yarn**
- **Rigid & Flexible Core Spun Yarn**

About ShriCheran-Pallava Group

We are a Government of India recognized Export House, with over three decades of experience in manufacturing world-class quality yarn and fabric. Our viscose-based products have earned us the leadership position for this particular product category in India. Hi-tech machinery from around the world, skilled and enterprising personnel, and a rising global presence have been key factors in posting an annual turnover of over 65 million USD. Belonging to a group that has made a mark in the textile industry for over 40 years, we at ShriCheran-Pallava will continue to make strides with the strength of our value-system and our invaluable heritage...
